

Three easy steps to Chip-and-Pin checkout

Way more secure. More widely accepted. Easy to use.

①

Insert your new card into the card reader at checkout.

Leave it in there until your transaction is complete.

②

Follow the prompts and wait for the transaction to be processed.

You may be required to enter your PIN or sign to complete the transaction.

③

Remove your card when prompted by the terminal.

And you are on your way!
